MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: The Sprague Committee

1. This memorandum is for information only.
2. Annexed hereto is a memorandum of conversation with Messrs. Sprague and Nielsen.
3. The organizational meeting of the Committee is scheduled for 29 February at 4:30 p.m., room 213 Executive Office Building. Mr. Sprague is having his staff and such members of the Committee or their alternates who care to stay for dinner after Mr. Amory's briefing. He indicated that Mr. Reed would be there but that Mr. C. D. Jackson would not. He also indicated that while he would like very much to have the Government members of the Committee stay to dinner he did not feel that this was particularly important.
4. We have promised Mr. Sprague a list of questions and issues to which we believe the Committee should address its attention. [redacted] and others in the DDP are formulating such a list of issues which I suggest I bring up for your consideration prior to the meeting Monday afternoon. At that time you may also wish to consider the briefing schedule proposed in our memorandum dated 18 February 1960 [redacted]
